

Clubs

The Department is involved in conducting National Level Conference on Communication, Computation, Control and Automation (CCCCA) every alternate year from 2008 onwards. Various student clubs are organized within the department like Ubuntu Forum, FOSS club, SRIT-Women in Computing club, CSI Chapter and Virtual Industry Visit club which are active throughout the year from 2014. These associations help in promoting team spirits and event organizing abilities among our students. The leadership quality enhanced through these activities is an added credibility. Various workshops, seminars and guest lectures have been conducted by various clubs- Student chapter to keep its members updated
