

## Clubs

Department of EEE has started four Technical clubs namely Soft Computing Club, Energy Club, Circuit debugging club, Entrepreneurship and redressal club from the academic year 2014-15. The main objectives of these clubs are for enriching the students with unbounded technical skills and improving their soft skills. These clubs are intended to give them more exposure on the real time issues through various activities and encourage them to provide the solutions. It is also aimed to encourage the students for the entrepreneurship culture among the EEE graduates.

### Function Organized:

- A Technical Fest-2015 was organised on 27.03.2015.
- Soft computing Club organised a Video Presentation Contest on the topic “Evolution of Artificial Intelligence” on 08.10.2014.
